IN AIRSHIPS IN ATTACK

The Dirigible Driven Off By
Aeroplanes Returns to At-
tack and is Shot Down
Falling in Flames Near
Pottersbar—Official Ac-
count Says No Casualties
Resulted

London, Oct. 2.—Ten Zeppelins took part in last night's raid over England. Two of them attempted to attack London. One of them was driven away and the other, as reported last night was destroyed. No reports of casualties have been received. Following is an official account of the raid.

Ten airships crossed the East coast last night between nine o'clock and midnight. One airship approached the North of London at about 10 p. m. but was driven off by gun fire and pursued by aeroplanes. She attempted to return from the North-west but was attacked by guns and aeroplanes and brought to earth in flames in the neighborhood of Pottersbar shortly before midnight.

"A second airship attempted to attack London from the Northwest and was driven off. Bombs were dropped. No reports of casualties or damage have yet been received.

"The remaining airships wandered aimlessly over the Eastern counties. In Lincolnshire bombs were dropped. Most of them appear to have been dropped in open country without doing damage.

"The airship destroyed was of the latest type."

Friends of Count Zeppelin were alarmed when they learned that another airship had been brought down in England last night, says the Amsterdam correspondent of the Exchange Telegraph company. The count intended to take part in the raid, the correspondent cables, but a message sent to Germany elicited the information that at the last moment, owing to the persuasion of his family he decided not to join the raiders.

Except for part of the envelope there is left hardly a vestige recognizable as part of the huge airship which was brought down last night near Potters Bar. The Zeppelin burned more fiercely than the one previously destroyed, which, like her, fortunately fell in an open field.

The members of the crew were incinerated and the bodies scattered over the field on which the airship alighted some 80 yards from a farm cottage.

The loss will be about \$35,000. Many carloads of cattle were saved by being hauled from the danger zone and hundreds of others in pens were released by employees and are now roaming the entire west side of the city. President George Murphy of the yards says he believes the fire was of incendiary origin as it started while the entire force of employees was at lunch.

The telegrams, filed with the two big telegraph companies Saturday night are said to constitute the largest single telegraph order ever sent out from this city. The cost is estimated at \$6,000.

CUT STICK
TO FIRE GUN
TO END LIFEJAS. HOLBROOK'S BODY FOUND
EARLY SUNDAY NEAR
INDIANA STREET.Wife Says Ill Health Was Cause of
Death and Denies Domestic
Trouble.

James Holbrook, aged 54 years, well known carpenter, 186 South Second street, late Saturday afternoon, committed suicide, near the Indiana street bridge, by firing the contents of a single barrel shotgun into his head.

The gruesome discovery of the body was made early Sunday morning by two boys, George Denison and James Floyd, of 216 Lawrence street, as they were hunting crabs along the bank of the Licking river.

Emerging from a clump of bushes, the boys came upon the body sitting upright at the bottom of a dugout, about three feet deep. The butt end of the gun had been placed against the opposite side of the dugout by Holbrook and the barrel lay across his lap. A stick which had been carefully whittled to form a fork on one end, lay near the body, showing the manner in which the gun had been discharged.

The discharge from the gun had evidently set fire to the clothing and caused the explosion of two shells in Holbrook's pocket, as the clothing was burned and the left side of the body literally cooked.

A note addressed to Coroner W. L. Jackson, was pinned to the trunk of a tree, just above the suicide's head.

Frightened by their discovery, the boys hurried home and told their parents and then notified Chief of Police Sheridan. Coroner Jackson was called and accompanied the police to the scene, which was about 500 yards north of the Indiana street bridge.

That Holbrook had carefully planned the act was shown by the note left to Coroner Jackson and of

GAME WARDEN IS
ASSASSINATED
CORONER SAYS

Cleveland, O., Oct. 2.—Coroner Byrne announced today that an autopsy disclosed that Game Warden John C. Wagner, whose body was found late yesterday in a wood near Bedford, had been killed by a charge from a shot gun.

"This disclosure," said Coroner Byrne, "clearly proves that Wagner was murdered, probably by a hunter with whose activities he interfered."

County officials today expected to obtain some clue to the murder of Wagner and the earlier shooting of a squirrel hunter named Samuel Seppaceraqua Saturday afternoon, in Bedford wood, following a rehearsal of the events that led up to the first shooting by Raphael Seppaceraqua, 14, who accompanied his uncle.

TWO DRIVES SUCCESSFUL

French and British Preparing for Important Movement in Direction of Peronne—Serbians and British Maintain Positions in Macedonia, Former Advancing Near Monastir

London, Oct. 2.—Successful resumption by the Russians of their offensive in Galicia draws again new to the Eastern war theatre in which the operations have been apparently of comparatively small importance since General Busselhoff's drive on Lemberg was held some time ago.

Berlin and Vienna concede that advantages have been gained by the Russians, who are attacking from both northeast and southeast of the Galician capital and have gained ground south of Brazzany in the latter district and along the Brody-Ziochhoff road in the former.

On the southeastern front in Macedonia the British have maintained the advances scored in their attack Saturday near the Struma, beating off Bulgarian counter attacks and retained the two villages captured along the road to Heres, according to London today.

The forward movement along the Struma Sychorizhas with a Serbian success on the westerly Macedonian front.

The continued struggle in the Kanmalksalan district has resulted in the Serbians not only securing possession of the principal heights in the region southeast of Monastir but in an advance of more than a mile north of the main peak where the village of Kutchov has been taken.

Recent operations by the French along the Somme front appear to have been mostly in the nature of minor attacks, probably preparatory to some larger movement in the Peronne region, while the British main effort has been directed to the thrust toward Bapaume along the road from Poziers, where an advance on a front of more than a mile and a half was announced by London last night. Paris today reports a French success in a local operation east of Bouchevignes, north of Peronne, where a trench and some prisoners were captured.

The Zeppelin destroyed during the air raid on England last night, was brought down in flames while attempting to return to the attack on London after having been driven off, the British official announcement states of the nine other airships taking part in the raid eight are declared to have wandered aimlessly over the eastern counties, the remaining one trying to reach London, being prevented by the British defensive forces. Most of the bombs dropped, it is said, appeared to have done little damage. No casualties have as yet been reported.

Christiana reports a notable feat by a submarine which has succeeded in reaching the Arctic ocean and torpedoed three Norwegian steamers there.

New York, Oct. 2.—It appears almost certain that the opening game of the world's series will be played at Braves' field in Boston beginning October 6th or 7th.

The suggestion has been made that the formality of tossing a coin for the privilege of staging the contests be dispensed with and the first two games will be awarded to the Boston Americans.

The accident occurred when Dickerson, who was driving, became confused when cars approached him from opposite direction and he drove over the embankment.

CHIEF OF POLICE
NAMED IN PROBE
OF SLOT MACHINES

Chicago, Oct. 2.—Detectives operating under the direction of States Attorney Hynes, who is investigating slot machines in Chicago, today raided the Sportsman's Club of America, of which Mayor William H. Thompson formerly was president, seized all records and summoned the secretary and other attaches to appear before the grand jury.

THREE WOMEN ARE
FOUND DEAD; ALL
SEATED IN CHAIRS.

Lancaster, Oct. 2.—What is described as the most peculiar tragedy that has ever occurred in this city was discovered last night, when neighbors of the Smetters family, not having noticed anyone about the house during the day, went to the house and found the two Smetters sisters, Agnes, aged 43, and Alice, aged 50, together with Mary Stretton, aged 30, sitting erect in chairs and all three dead. There was no sign of violence or poison and doctors who were called declared they were unable to ascribe a cause for the deaths.

That death had come quietly was evidenced by the fact that Miss Agnes Smetters had her glasses on and a paper lay in her lap.

Suspicion that the death had been caused by gas was set at rest when examination of the gas pipes showed no leak.

The stomachs of the women will be sent to Columbus tomorrow for examination.

A half of an apple pie also was sent to the state chemist. Local authorities say the pie was the only food in the house which apparently had been eaten.

Fight Over "Sale"
of Woman; One
Man Was Killed

Chicago, Oct. 2.—Seven men fought a revolver battle over the "sale" of a woman for \$200 in a suburban road house early today with the result that one of the men was shot to death and another probably fatally. Fifty or 60 shots were fired. The slain man was "Peggy" O'Day, a moonshiner. Daniel Hartman, one of O'Day's companions was shot through the lungs. According to the story told the police by Samuel Harris, owner of the road house, Hartman had offered to "sell" him a woman and there had been a dispute over the price. O'Day and Hartman, with two associates, all heavily armed, drove up to the road house in an automobile and attacked the proprietor and two waiters, Harris said.

SENATOR CLARKE
OF ARKANSAS IS

He is survived by his wife, two daughters, Mrs. Joseph W. House, Jr., and Mrs. Robert Williams, and one son, James P. Clarke.

Associate Justice W. F. Kirby, who opposed him in the primaries two years ago, very likely will be appointed to succeed him, as the Associate Justice and Governor Hays are close political friends.

A meeting of the Democratic State Central committee will be called at once to name a nominee for his permanent successor, who must be elected in the November election.

PHILADELPHIA
WINS FIRST OF
BOSTON SERIES

Philadelphia, Oct. 2.—Airtight pitching by Alexander gave Philadelphia victory over Boston today by the score of 2 to 0 in the first game of the six that will decide the championship between Philadelphia and Brooklyn. The fans were surprised when Moran trotted out Alexander to pitch the first game as the great twirler received a bad beating at the hands of Brooklyn on Saturday.

Alexander pitched great ball and recorded his 16th shut out of the season. Ragan pitched good ball for Boston but was touched for just enough to enable Philadelphia to put two runners across the plate.

The final score was:
Philadelphia 2 6 1
Boston 0 3 1

WOMAN FIGHTS
RSCUTER; LEAPED
FROM HIGH BRIDGE.

Portsmouth, O., Oct. 2.—In an attempt to take her life, Mrs. Amanda M. Huddleson, 62, jumped off a bridge spanning the Scioto river, 60 feet below into four feet of water, Sunday night. So determined was the woman to end her life she fought with Herman Cole, 20, who went to her rescue in a boat. Other eye witnesses came to Cole's assistance and the woman was taken from the water and rushed to a hospital. She sustained the fracture of a small bone in her left foot. Despondency over ill health is attributed as the cause of her act.

GERMANS WILL
SUPPORT HUGHES
SAYS ALBERTZ

Cincinnati, Oct. 2.—"Two things were done at Columbus yesterday by the German American Alliance: First, the passage of a resolution declaring that Wilson and Pomerene must be defeated, and secondly that Hughes and Herrick should be supported."

This statement was made here today by Henry Albertz, secretary of the state as well as the local German-American alliance. President John Schwab left for New York directly following the meeting of the alliance at Columbus yesterday.

"It was the understanding that nothing was to be given out for publication until I had prepared, in a formal manner exactly what was done but in some manner reports have leaked out and I am therefore willing to tell what was done."

"The resolution as originally introduced was in the negative, inasmuch as it only declared that Wilson and Pomerene should be defeated, but after discussion it was amended to make a positive declaration in favor of Hughes and Herrick. More than these do not care to say at present but you can rest assured that all reports which deviate from the above information are not true."

FATALLY HURT.

Columbus, O., Oct. 17.—Clyde Barton, 17 years old, was fatally injured last evening near Sunbury in a collision between an automobile and motorcycle. He died soon after being brought to Grant Hospital, by Dr. Gerhart of Sunbury.

Ellis Gammel, 21 years of age, was riding on the front seat of the cycle, with Barton behind him. According to Gammel's statement at the hospital last night, the automobile approached with headlights undimmed.

The flood of illumination blinded him, Gammel said.

The automobile was ditched. Mrs. Charles Pifer of Richmond who was in the auto with her husband and Mr. and Mrs. George Murphy, also of Richmond, was the only occupant of the car to receive serious injury. It is said she probably will lose her right eye. She also sustained internal injuries which may prove fatal.

EIGHT DEAD AND 53 HURT

Switch Engine and Cars
Crash Into Crowded Trol-
ley Car in Detroit—Dead
So Badly Mangled That
Identification is Difficult—
Crossing Watchman Ar-
rested

Detroit, Mich., Oct. 2.—Not one of the eight persons killed in the crash of a Grand Trunk switch engine pushing three freight cars, and a cross-town trolley car at Forest ave. and Lequindre streets on East Side last midnight, have been identified at an early hour today. The bodies were so terribly mutilated that identification was impossible. Of the 53 persons injured, many of whom were taken to hospitals, several are so seriously injured that their recovery is doubtful. Those possibly fatally injured include:

Roman Naphsky, 20 years old, fractured skull.

Anthony Fronczak, 27 years old, both legs cut off.

Mrs. Edward Voss, 30 years old, fractured ribs and skull injured.

Annie Drönskoek, 28 years old, internal injuries and scalp wounds.

Three unidentified men, badly injured and unconscious.

The switch engine, with the three freight cars ahead, was southbound and trolley was going west on Forest avenue toward the center of the city. One of the big freight cars caught the trolley almost in the center and swung it off the track until it stood almost parallel with the moving freight cars. In the panic that followed the impact, passengers leaped from doorways and windows. Most of those who met death were killed by jumping from the windows and falling under the wheels of the freight cars. Dead and injured were scattered along the railroad right-of-way for a distance more than twenty feet. The separate investigations expected to be under way early today in an effort to place responsibility for the accident. They will be made by the state railroad commissioner, the coroner's office, the prosecuting attorney, the Grand Trunk railroad and the Detroit United Railway.

The switching crew and that of the trolley car were taken to the prosecuting attorney's office immediately after the crash, and were questioned until well into the morning. No trace has been found today of the gateman at the crossing, who, the police say, they were unable to locate immediately after the accident. Conflicting stories were told by the few persons who witnessed the crash. One was to the effect that there were no lights on the freight car that struck the trolley and another that the crossing gates were not lowered. How the trolley car got on the railroad tracks, if the derailling device maintained at the crossing was working properly was another point investigated. Last night's accident is the third grave one at the crossing in the last year and the second to occur at the Forest avenue crossing.

Valentine Choiniski, gateman for the Grand Trunk railway at its Forest avenue crossing, was taken into custody this forenoon. His detention was the first phase of an investigation by the prosecuting attorney of the accident. County officials have also detained William Carter, motorman and Alex Silistre, conductor, and Henry Gibson, engineer, and Robert O'Keefe, freight conductor. Choiniski, a cripple, was employed by the Grand Trunk railroad a few days ago. He was on duty when the cars came together, but left the scene of the accident and was not found until this morning.

Five of the dead were identified at the morgue this afternoon. All those killed were from Detroit. The bodies of one woman and two men have not been identified. It was announced at the prosecuting attorney's office that the railroad employees and the street car men have told sharply different stories of the tragedy.

Two Killed As
Truck Plunges
Off Embankment

Lorain, O., Oct. 2.—Two men were killed, one fatally hurt and two others seriously injured south of this city today, when a motor truck on which they were riding, plunged down a 75-foot embankment into the Black river.

The dead are: Alex Nagi and Joseph Michalski. The injured are: John Condas, William Banks and an unidentified man.

With the exception of Banks, who was driving the truck, the victims were laborers employed by a construction company of Elyria and were on their way to Lorain to work on a macadam road. To avoid hitting a wagon at the approach of the bridge, Banks turned out and went to close to the edge, the big machine plunging over the bank.

The injured were taken to a hospital in Lorain.

DIGESTION WORTH HAVING

Good digestion is not appreciated until you lose it. Then you cannot afford to experiment on remedies. Strong medicines are hard on weak stomachs. To be able to eat what you want and to digest it is a priceless blessing. If you have lost it do not be deceived by the claims of prodigious foods and stomach tonics, so-called.

There is no tonic for the stomach that is not a tonic for every other part of the body. As the blood goes everywhere, an improvement in its condition quickly results in strengthening weak organs. Rich, red blood is absolutely necessary to digestion. If your stomach is weak and you are troubled with gas, sour risings in the throat, a feeling of pressure about the heart and palpitation, try the tonic treatment with Dr. Williams' Pink Pills.

So many dyspeptics have been helped by this simple treatment that every sufferer from stomach trouble should try it. The Dr. Williams' Medicine Co., Schenectady, N. Y., has issued a booklet "What to Eat and How to Eat" that should be in every home. It gives just the information that you want regarding your diet. The company will mail Dr. Williams' Pink Pills, postpaid, at fifty cents per box or your own druggist can supply you.

TO INAUGURATE WINTER SEASON WITH BANQUET

The winter social season of the Elks will be inaugurated tomorrow evening after the business session of the lodge. The Howard Jackson orchestra will furnish a musical program of all the latest popular selections and several vocalists have also been engaged for the occasion. A banquet will be served at 9 o'clock in the club room and it will be under the direct supervision of the club steward, Col. Billy Hohl, who promises several surprises in the culinary line. He has secured the services of a competent corps of waiters and the banquet promises to eclipse anything of a similar nature held at the club rooms in the past several years.

An Esteemed Loyal Knight will also be elected to succeed Paul Morrison, who has accepted a position in another city. It is desired that every member be present in order that he may cast a ballot and have a voice in choosing one of the most important officers in the lodge.

A Liberal Offer By Licking Creamery Company

To the Users of Milk and Cream From Its Retail Wagons.

The Licking Creamery Company begs to announce that until further notice it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month.

A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party. Each route will be handled separately.

THERE IS BUT ONE CONDITION QUALIFYING THESE AWARDS.

All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean cut and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be announced in the papers following the next drawing.

EAGLES NEST MARKER WILL BE DEDICATED NEXT SATURDAY, 2 P. M.

Columbus, O., Oct. 2.—In the days when white civilization in Ohio was young there arose a wooded height along the old trail in Licking County known as Eagle's Nest. High trees surmounted its summit, while at the base cavernous limestone guarded the cry of the eagles from intrusion through sheltering many dens of rattlesnakes. It was a familiar landmark when the National Government transformed the trail into the famous National road leading across the Blue Ridge Mountains into the then sparsely settled Western country.

Next Saturday at 2 p. m. beneath Eagle's Nest there will be dedicated a monument commemorating the reconstruction of the road, and honoring Governor Cox for the work. It was under his administration that the road was rebuilt. This memorial consists of a huge granite boulder resting upon a granite base.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Mlady's Boudoir

The excited little bride-to-be often presents the appearance of a tired and pale and irritable woman on the day of her wedding. It is a common occurrence for the bride to hurry about and work so hard before the great day, that she quite loses her freshness and youthfulness.

Shopping and calling engagements should be attended to several weeks before the day set for the wedding. More important than all of these is the rest which the bride must surely take if she would look her best on the happy day when she is to be joined to the man of her choice.

She may declare "I cannot sleep." She may be forgiven a natural wide-awake condition which almost precludes the possibility of a cosy nap. But at least she can shut herself away from busy talk and in her own room have the quiet and seclusion which will benefit her.

New York City is said to have the best system of street signs in the country, being clearly visible, perfectly legible and informing.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

OTTERBEIN BOYS MAKE TOUCHDOWN; DEFEAT DENISON

Granville, Oct. 2.—Otterbein threw a surprise into the Denison camp Saturday when it triumphed over the Granville team 7 to 0. In the second quarter after a series of line bunts, Lingrel kicked the goal. Old-fashioned football was used most of the time. Lingrel and Keam carrying the ball through Denison's line for big gains. They were easily the stars for Otterbein. Captain Rupp of Denison did not start the contest, but went in in the second quarter after Jenkins had been battered up considerably. He did not finish the game, however, but retired in the last part of the fourth quarter. His playing was spectacular while he was in the game. Jenkins and Cook were the stars for Denison. Their playing, both on offense and defense, was quite above the ordinary. Lineup:

Zanesville Wins the Third Game of the Final Series

Zanesville, Oct. 2.—The local team came from behind and won the "rub-bet" from the strong Newark-Pittsburgh team at Burton park yesterday afternoon.

With the score 6 to 2 in favor of the Licking county club, Zanesville got together and by a shower of good hits and base running overcame the big lead by making five runs in the fourth inning, thus putting Newark one run to the bad. Not satisfied with this one more was annexed by the locals in the eighth Cincinnati hit and homered in the ninth and ninth and the game was won.

Taken Home.
Mrs. Anna Burkhart, who has been
confined to the Sanitarium for the
past week, following a collapse
while attending a trial in Probate
court, Saturday was removed to her
home, 95 South Pine street, in
Bradley's ambulance.

Secretary Frank B. Dudgeon of
the Licking County Agricultural so-
ciety is busy settling the business of
the fair, which was held last week.
The attendance fell off on account of
the weather, else there would have
been a neat balance left in the treas-
ury. The annual election of direc-
tors will take place on Saturday,
October 28, at which time the terms
of Charles D. Lake, N. E. Vanatta,
J. M. Jones and Frank Hartman ex-
pire. These gentlemen have all made
splendid officials and have assisted
in making the annual fairs a splen-
did success.

Picking Grapes.
The steamer Arrow, which many
Newarkites have ridden between
Sandusky and the islands in Lake
Erie, is now engaged in hauling
grapes from the islands. They are
pressed by the wine makers and the
grape juice makers.

Planning Commission.
The city planning commission, re-
cently appointed by the Chamber of
Commerce will meet tomorrow af-
ternoon to organize for the promo-

tion of the work. The commission
is comprised of Attorney R. L.
Tanoyhill, J. F. Irwin, M. Ankler,
Fred C. Evans and C. E. McGruder.

Arm Fractured.
Samuel Chambers, a transfer man
suffered a fracture of the right arm
below the elbow Saturday night
while moving scenery of the Mar-
guerite Fields Stock company from
the Auditorium. He was taken to
Dr. C. J. Dillons office in First street
where the fracture was reduced.

Decorate For Convention.
The committee in charge of the
convention of The K. K. Daughters
have requested the merchants of the
city to decorate their windows and
places of business with the King's
Daughters colors, purple and white,
on Wednesday, Thursday and Fri-
day when the state convention will
be in session in this city.

Date of Speech Changed.
The date for the address on
"Americanizing the Alien and the
Establishment of a Night School,"
by Wilson Hawkins, superintendent
of the public schools, has been
changed from Thursday, October 5,
to Thursday, October 12. The ad-
dress will be made before the Mem-
bership Council bureau, of the
Chamber of Commerce.

Enquirer Price Unchanged.
The price of the Sunday edition
of the Cincinnati Enquirer, in Col-
umbus yesterday was boosted to six
cents. The sale in this city, how-
ever, was made at the usual rate of
five cents, although there has been
a raise in the wholesaler's prices.
Edward and John Feldner, local
agents for the Enquirer, said today
they did not know if the Sunday
price would be increased here.

Hess Boy Still Missing.
Charles Hess, the 17 year old High
school student, who disappeared sev-
eral days ago from the home of his
parents, Mr. and Mrs. E. E. Hess,
Church and Eleventh streets, has
not been found. Mr. Hess, father
of the boy, at noon today said he
had learned nothing of his son's
whereabouts, although a diligent
search has been made by both the
police and the lad's family.

MILK SUPPLY
SHORT 600,000
QUARTS IN GOTHAM.

(ASSOCIATED PRESS TELEGRAM)
New York Oct. 2.—The effects of
a milk famine were felt here today
as the result of the deadlock be-
tween dairymen and distributors over
the price the former shall receive for
their product. It was estimated that
milk trains brought to this city last
night 600,000 less than the usual
2,500,000 quarts. The milk com-
panies announce that hospitals and
homes in which there are children
who are ill will receive first consid-
eration and for the present will ob-
tain a full supply. Some of the
milk now arriving here is coming
from Pennsylvania, Delaware, Illi-
nois and Canada.

BURGLARS GET DIME.
Marion, O., Oct. 2.—Burglars
this morning failed in an attempt to
break into the safe of the Pennsyl-
vania railroad station here. They
got only 10 cents from the counter
money drawer.

Funny Errors in Advertisements.
Laughable errors in illustrated ad-
vertisements are often apparent to
the thinking man. It makes one wonder
why the designers of the ads. don't get
their information first hand from some
one who really knows. Accuracy, even
in advertisements, has the same at-
traction it has anywhere else.

For instance, when the seltzer bottle
in an electrical sign on Broadway is
filling the empty glass the level de-
scends as fast in the bottle as it rises
in the glass, yet the bottle is five times
as big. It couldn't possibly be, accord-
ing to physics.

Still worse is a picture of a piano
with a pair of hands striking certain
keys. Fortunate it is indeed that that
piano can't sound, for the particular
keys struck would be a jangling dis-
cord. Why couldn't the artist have
gone to a musician for a pleasing
chord among the infinite offerings of
music?—Wall Street Journal.

Odd Numbers.
A hen is always given an odd num-
ber of eggs to be hatched. Why? There
is no reason at all except superstition.
Salutes from warships, forts, etc., are
always given in odd numbers, yet no
valid reason can be adduced. It is a
remnant of the old "odd numbers are
lucky" superstition.

Vergil records all sorts of charms and
spells practiced round odd numbers—
never even ones. Seven is the favorite
Biblical number, and old divines taught
that it held a mystical perfection. It
is an odd number.

Falstaff, in the "Merry Wives" is en-
trapped for the third time. He him-
self said, "They say there is a divinity
in odd numbers," because of the old
belief in odd numbers.

Physicians of other days always in-
sisted that "bleedings" should be in
odd numbers—one, three, five, etc., and
never an even one.—London Mail.

The "Ear of Dionysius."
A cunningly constructed prison car-
nery, consisting of a large chamber con-
nected with one of smaller dimensions
situated near Syracuse, Italy, has gone
into legendary history with the title
of the "Ear of Dionysius."

The smaller chamber was unknown to
the prisoners kept in this under-
ground dungeon, and the tyrant by
whose name it is known had a habit
of secreting himself there to listen to
the conversation of the convicts, who
were mostly political offenders.

An ingenious device constructed at
the smaller end of the larger chamber
transmitted the sounds through the
partition, thus enabling the suspicious
ruler to hear even the whispered con-
versations of his "suspects."

of wealth be a high flyer?

Hints For Progressive Farmers

Fertilizing Pastures.
During a recent series of experi-
ments conducted by the Ohio Experi-
ment Station in Washington County
and reported in its September Month-
ly Bulletin, the use of phosphorus,
lime and manure was found profit-
able in fertilizing pasture land, while
nitrogen and potassium made no no-
ticeable showing. Fertilizing ele-
ments were used alone and in com-
bination and were compared with
manure, \$2 worth being used to the

acre. Lime was applied in a few
cases.

More white clover and less pover-
ty grass grew on plots treated with
acid phosphate and manure than on
the others. Clover grew more pro-
fusely where lime was applied. Ni-
trogen caused a more luxuriant
growth immediately after treatment,
but its effect was not lasting. The
use of potassium was unprofitable.

Clipping Pastures.
Chipping pastures after harvest
was found to result in more and
better grasses, in a survey of the
Ohio Experiment Station in the
southeastern part of the State. The
ripening of weed seeds is prevented,
grasses are removed, so that clover
and bluegrass may occupy the
ground. Usually there are only a
few places in the pasture where a
mowing machine cannot be used. In
such cases the scythe is brought into
play.

To Expel Worms.
Stomach worms and tapeworms,
which cause enormous losses to Ohio
sheep raisers each year, may be
treated satisfactorily by drenching
with copper sulphate, according to
animal husbandmen at the Ohio Ex-
periment Station. Digestive distur-
bances, malnutrition and general
weakness are symptoms of these
pests in sheep.

For 8 to 20 hours before treat-
ment the sheep are fasted. They
are then drenched with a bottle or
with a rubber tube and funnel. Two
fluid ounces of a solution made by
dissolving an ounce of copper sul-
phate (blue vitrol) in two quarts of
water is sufficient for a yearling,
while a 2-year-old sheep requires
three fluid ounces. Details of this
treatment and descriptions of the
worms are given in the September
Monthly Bulletin, which may be ob-
tained by writing to the Experi-
ment Station at Wooster.

CHANGE

IN PASTORATE OF FIRST M. E.
CHURCH CONSIDERED AT
CONFERENCE.

Official Board Asks for Return of Dr.
Sparks, But a Committee Files
a Protest.

Zanesville, Oct. 2.—Solemn services marked the ordination yesterday afternoon of the class of deacons and elders, who had previously been admitted to conference relations by the Ohio M. E. conference in session here. The services were conducted by Bishop William F. Anderson at Grace church. The class is composed of 17 members. A love feast, presided over by Rev. F. W. Burns, and a sermon by Bishop Anderson were the features of the morning's service.

A committee headed by Attorney A. S. Mitchell, waited on Bishop Anderson and protested against the return of Rev. L. C. Sparks to that church. The committee said that they had learned that it was the intention to return Rev. Mr. Sparks. They said that Rev. Mr. Sparks had been there for 14 years and believed it was time for a change.

To offset this protest, Bishop Anderson has a signed request from the official board of the First M. E. church, for the return of Dr. Sparks to the pastorate. This request was signed by 45 members of the board, almost its entire membership.

Bishop Anderson and the cabinet, composed of district superintendents, have been besieged with protests, it is said, as a result of the numerous changes in the proposed assignment of pastors which will be announced today.

It developed today that Rev. A. C. Bostwick, former M. E. minister at Buechel, had been granted permission at his own request by the conference cabinet to withdraw from the conference. Rev. Mr. Bostwick was suspended by Superintendent Evans of the Marietta district when he was arrested for the alleged theft of a watch from a hotel room at Athens.

Rev. Mr. Bostwick denied the charge Dr. J. W. Hoffman, new president of Ohio Wesleyan University, was admitted to the conference yesterday.

The cabinet today will appoint a committee, consisting of one member from each district, to evolve some plan for "self-entertainment" for ministers during conference week, thereby abolishing the practice of requiring members of the church entertaining the pastors to furnish board and lodging.

The committee will report at the 1917 conference at Nelsonville.

500,000 BATHE INTERNALLY

The marvelous growth of Internal Bathing is the secret of "J. E. Cascode" is accounted for not only by the enthusiastic praise of its users to others, but also by physicians insisting more and more that the lower intestine must be kept free from waste to insure perfect health and efficiency.

Mary L. J. Walker, M.L.D., Olean, N. Y., writes:

"I must tell you of a case of Constipation lasting for twenty years that was cured by treatment with Cascode. The physician in charge said the patient had a tumor lying between the stomach and intestines. The patient being 65 years old he claimed no help could be given except the knife, but finding the intestines in a very bad state, I advised the use of Cascode, which resulted in a complete recovery. When I took the case she was taking a laxative three times a day, and had been for three weeks; couldn't get along without it—now she never takes any laxative."

CUT STICK

(Continued from Page 1)
a talk he had Friday morning with Mr. and Mrs. Walton, 188 South Second street.

"Dr. Jackson,"
"This gun belongs to Zeff Canon, of Smith street," was the message written on the outside of the envelope pinned on the tree.

The contents of the letter, showed the careful and deliberate manner in which Holbrook planned his death. It was as follows:

"Newark, O., Sept. 30, 1916"

"To Neighbor Jackson"
"This is to inform you that I did this myself and the case was trouble."

"You may think my mind wasn't right. But you need not hold no inquest over me for I did it myself."

"I wanted to get the three— but didn't. Get Bazler the undertaker. Don't want no one to see me. Will say if anyone has trouble, this is the best way to settle it— and the safest."

"My name is James Holbrook, 188 South Second street, Newark, Ohio."

"I have left papers in my dresser drawer for my wife, what to do. I want to have an automobile funeral. This is the second home they have broke up."

T. A. Bazler was notified at once as requested, and took the body to his morgue.

Mrs. Holbrook was attending services at the Central Church of Christ when notified of her husband's death, by Dr. Jackson and Mr. Bazler.

"He told me many times he would kill himself," Mrs. Holbrook said, "but every time I just laughed at him. He left home Saturday afternoon, as is his custom, to go up town for awhile and when he did not return for supper, I thought nothing of it."

"He had been a sufferer of stomach trouble for many years," she said, "and had spent hundreds of dollars trying to regain his health."

Mrs. Holbrook was unable to relate any family troubles that might have caused her husband to take his life. In a note stating that he wanted to "get the three— Holbrook, neighbors say, had referred to some trouble he had had

with a family, in South Second street, a number of years ago.

Five shells found in the suicide's pocket indicated that he had just enough to wreck his vengeance and then end his own life.

In conversation with Mr. and Mrs. Walton, neighbors of Holbrook, last Thursday morning, Mrs. Walton said Sunday, that Holbrook had dwelt at length upon the suicide of Harry Board, who pursued the same methods to end his life, at his home north of the city.

"I think he was a mighty wise man, as it would take a smart man to do a thing like that," Holbrook told Mr. Walton.
"His one thought seemed to be upon the manner in which Mr. Board had ended his life," Mrs. Walton told Coroner Jackson, "and both my husband and myself tried at different times to change the conversation."

Holbrook was a carpenter by trade and was known as an excellent workman. For a number of years he has conducted a stand at the Licking county fair and was well known to farmers and fair followers throughout Licking county.

The family living at 192 South Second street, when told of the suicide's threat to kill them, said the man had threatened their lives for several years.

Police today investigating the death of Holbrook, learned that the note left to Coroner Jackson, had been written late Saturday afternoon, in the City Drug store. Holbrook, police say, applied for some writing paper at the drug store, but was handed a piece of yellow wrapping paper. He stood at the counter and wrote his message to the coroner, and several times stopped and held his hand over the note, while someone was passing near him.

As further evidence that Holbrook endeavored to closely follow the method of Harry Board, in taking his life, a single barrel shotgun was borrowed from Zeff Canon, of Smith street. Holbrook himself owned a double barrel shotgun, but it appears that he wanted to use the same kind of weapon, as that employed by Board.

Board used a part of a broken picture frame to shove the trigger of the gun, but Holbrook in following this lead, whittled a stick and forked it on the end.

The body was removed to the home from the Bazler morgue this afternoon and the funeral services will be held there Wednesday morning at 10:30 o'clock. Rev. W. D. Ward, former pastor of the Central Church of Christ, officiating. Interment will be made in Cedar Hill cemetery.
